Received an Email from Greg Patterson last week noting that you will be chairperson of the development review committee. I am currently President of the Lafayette Oaks Homes Association, member of the Council of Neighborhood Associations, and a founding member and on the Board of Save Our Gateway (SOG). SOG has worked cooperatively with the City and County Commissions on the re-routing of the Eastern Transmission Line that was originally scheduled for Mahan Drive.

I am currently working with the Local Planning Agency and the City/County Commissions on proposed land use changes which will bring commercial development to Mahan Drive. Our community is opposed to any changes in the Comprehensive Plan that would permit high density commercial development on the corner of Edenfield Road and Mahan Drive. This property backs up to Lafayette Oaks and borders nine of our property homeowners.

If my background and experience can assist you and your blue ribbon committee, please contact me.
